

TRANSFORMERS, PART I

INTRODUCTION

There was a cartoon, and then a movie (or two), in which seemingly regular objects changed into robotic creatures. They might have presented themselves as cars, planes, or even a stereo, but they would “transform” into robots capable of many things. When the Lord blessed us with knowing him, our mines became transformed as well. We may look the same on the outside, but we are transformed in our minds with the mind of Christ.

Memory Verse: Romans 13:14 But put ye on the Lord Jesus Christ, and make not provisions for the flesh, to fulfill the lusts thereof.

BIBLE LESSON

When we received Yahshua into our hearts by the indwelling of the Holy Ghost, we were transformed by the renewing of our minds to receive the mind of Christ. When Jesus comes back, our bodies will be transformed, or translated into eternal beings, being powered by the Spirit of God, as Jesus was transformed bodily. This lesson explores the first transformation.

We were predestined to transform. Romans 8:28-30

Our minds are renewed. Romans 12:1-3, Ephesians 4:17-24

There is an evidence of the mental transformation. Ephesians 4:25-32

APPLICATION

In what ways were you transformed by the Spirit of God?

In what ways is your transformation still taking place?
